

## **Jasmine Mansbridge**

**Jasmine is a professional practicing artist whose work is best described as the meeting of exploration and refinement. Jasmine has taken her art to a number of mediums – sculpture, large-scale public works, intimate paintings for private collection and now NFTS. She is not afraid to venture outside an established comfort zone.**

**Whatever her choice of art form, Mansbridge brings a refined and meticulous hand to the work; her deliberation and contemplation are evident at all times. The work provokes thought and wonder and gives the viewer the chance to apply their personal storytelling, as they unpack the geometry and portals of Mansbridge's imagined world.**
